Women's New Fall Suits in an Advance Showing

Third Floor

Abreast with the requirements of many of our patrons, both those who are yet at home and will travel a bit later and others now at various resorts, who prefer to shop at Halliburton-Abbott's by mail, we are showing the authentic new fall tailored Suits in advance of the season. They have been chosen with that nice discrimination which distinguishes a "H-A" suit as apart from one whose counterpart is to be found only in the better shops and wherever modishly attired women congregate.

Developments of tricotine, velour, silvertone, serges and poiret twill of proven qualities, some with masculine collars or convertible styles to be worn high in blustery weather. It is patent that the pencil silhouette is to continue the coming season's feature mode, as clearly indicated in these new suits from some of New York's finest makers.

These splendid all-wool suits with their linings of pussy willow or peau de cygne in tones companionable to the materials, will be introduced in Tulsa under auspicious circumstances in our Third Floor salons Monday.

Shown in Prices Ranging \$34.50 to \$124.50**The New Trotteur Frocks****For Misses****Seem More Slender Lined

True, there are bouffant effects, but take note—skirts measuring but 22 inches at the bottom! Truly one will take short steps, due to the hobble effect in skirt styles.

Among the smart Frocks for misses and small women to be shown Monday are those of chiffon taffeta, peau de soi and charmeuse, with the new one-piece skirts that are open from the waistline entirely to the bottom, the opening concealed by clever draping. Designed with round neckline and short sleeves, which are trimmed with deep widths of Oriental lacca. Shown in sizes 14 to 18.
